### The Gentle Beam

September Topic:

# ANGELS =

When angels visit us, we do not hear the rustle of wings, nor feel the feathery touch of the breast of a dove; but we know their presence by the love they create in our hearts. Oh, may you feel *this* touch, - it is not the clapping of hands, nor a loved person present; it is more than this: it is a spiritual idea that lights your path! The Psalmist saith: "He shall give His angels charge over thee." God gives you His spiritual ideas, and in turn, they give you daily supplies. Never ask for tomorrow: it is enough that divine Love is an ever-present help; and if you wait, never doubting, you will have all you need every moment. What a glorious inheritance is given to us through the understanding of omnipresent Love! More we cannot ask: more we do not want: more we cannot have. This sweet assurance is the "Peace, be still" to all human fears, to suffering of every sort.

... When they were building the Concord [Hall], Mrs. Eddy drove around from time to time. One day the contractor was not there. She sent for him to come to see her. Word came back that he could not come, for he was sick. She sent for him again. He came, and said that he was suffering from a trouble that his mother had had for a long time. The man was not a Christian Scientist, so Mrs. Eddy met him on the plane of his own thought.

She said, "No doubt your mother was a very estimable lady, but if she had been a drunkard, would you feel that you had to be a drunkard because she had been?"
