Volunteer with iACT

Austin nonprofit organization iACT (Interfaith Action of Central Texas) has a new volunteer opportunity for anyone who would like to mentor a young refugee. You would support a 15- to 24-year-old refugee by providing career support, tutoring help, and general guidance for adjusting to their new life. More details are available on the [iACT website](#), as well as information about some other volunteer opportunities.

Church Sound Improvements

Submitted by Becky Carter

A major upgrade has been made to the sound system in the church auditorium. The Technology Committee ran new double ethernet cables through the rafters, replacing three cables which have for years been exposed to the elements in our courtyard.

With this improvement comes the realization of digital quality sound from our organ for those people listening to the service on the phone and internet. Tim's musical talents are now able to be heard in full range from home.

Future light rail stop near church

The City of Austin has been planning for growth by an expansion of the light rail system, called "Project Connect," and is currently considering five different proposals for downtown transit lines. All of the proposals include a stop at 15th Street, which might bring more traffic to the blocks surrounding, including our church. [Watch or read this story from KXAN here.](#)

The Gentle Beam

The stone rolled away

Let us sing of Easter gladness
That rejoices every day,
Sing of hope and faith uplifted;
Love has rolled the stone away.
Lo, the promise and fulfillment,
Lo, the man whom God hath made,
Seen in glory of an Easter
Crowned with light that cannot
fade.
