Membership in The Mother Church

Would you like to join The Mother Church? You would be uniting with its worldwide membership in its mission to embrace the world in the healing love of Christ through the teachings of Christian Science. Membership applications for the next admission are due to the Clerk of The Mother Church by November 4, 2026. Membership applications and information can be found at christianscience.com/membership.

The Leaves 60th Anniversary Gala

The Gala may be full, but our 60th anniversary celebration doesn't end October 10. **Beginning this fall** and continuing through 2027, The Leaves will be visiting communities around the field to share our 60-year story, what's happening today, and what's ahead.

Want The Leaves to visit your community? **Invite us** to stop by your church or home when we're in your area. [Email us!](#)

Engaging the Spiritual Seeker Within All of Us: Sunday School and Beyond

Workshop at CedarS Camps

Main Conference: October 2-5, 2026

Extended Stay for Reflection & Play: October 5-7

Join us for a weekend focused on the needs of youth in today's rapidly changing world. After focusing last year on the "first lessons" of Sunday School, we'll dive this year into the "next lessons" referenced in the Church Manual (pp. 62-63). **Register Here!** Last year, many branch churches and societies came together for viewing sessions and follow-up discussions as a church family. If remote attendance is your best fit, you might consider choosing between individual participation (\$200/person) or church registration (\$575/device).

"THAT THEY ALL MAY BE ONE" JOHN 17:21

The Gentle Beam

Supply & Demand
are in perfect balance

The moral status of the man demands the remedy of Truth more in this than in most cases; therefore, under the deific law that supply invariably meets demand, this Science is effectual in treating moral ailments.

**Miscellaneous Writings 1883-1896,
Mary Baker Eddy, p. 45:14-17**

The law and the gospel, — Christian, civil, and educational means, — manufacture, agriculture, tariff, and revenue subsist on demand and supply, regulated by a government currency, by which each is provided for and maintained.

**The First Church of Christ, Scientist,
and Miscellany, Mary Baker Eddy, p.
216:6-10**

At DiscoveryBound (DB) ([events page link](#)) you'll experience Christian Science in action! Our activities are inclusive, healing, inspiring, loving – and we can't forget – fun. Whether you attend events for families, teens, or adults, you'll be with like-minded individuals, so you can relax and be yourself.

From **October 23rd - 25th**, The Mother Church will sponsor a **College Summit at Principia College in Elsah, IL**. It's open to college students, recent graduates, professors, and high school juniors and seniors. The event will explore **the theme of: "that they all may be one" – John 17:21** and will have breakout sessions to explore Christian Science in supporting world issues, career, and life.
